1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claim 58 is rejected under 35 U.S.C. 102(e) as being anticipated by Lee et al. (2005/0026642).

Note: the term “adapted to” is not positive limitation. Therefore, the limitation following the term is not considered the claimed limitation. It is suggested applicant to remove the term.

For claim 58, Lee et al. disclose a system comprising a BCS comprising one processor and a media gateway(see box 130 in figure 3) comprising one processor; and wherein the BSC and gateway cooperates to provide vocoding control for mobile stations (see BCS in figure 3 and paragraph 0093).

2. Claims 1-57 and 59-63 are allowed.

3. Applicant's arguments filed 2/3/2006 have been fully considered but they are not persuasive.

In the remarks of 2/3/2006, applicant traverses the rejection under 35 U.S.C 102. The traversal is based on ground that the examiner cites Lee only because the examiner completely ignores the limitation of claim 58 that includes the phrase "adapted to". This argument is not found to be persuasive because the examiner does not ignore the limitation after the phrase " adapted to " ; the examiner does consider the limitation but the limitation does not give weight because it is not positively recited claim limitation.

4. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

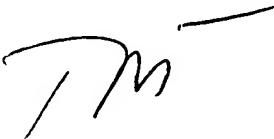

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to **DANG T. TON** whose telephone number is 571-272-3171. The examiner can normally be reached on **MON-WED, 5:30 AM-6:00 PM and Thur 5:30-9:30 A.M.**
